Exit Review and interview EUPHEM cohort 2020

Introduction

The overall objectives of the exit interviews are to:

- 1- exchange with the fellow their experiences on the training site (i.e. projects available, supervision, exposure to EU projects, etc.) with a constructive focus
- 2- confirm that the fellow achieved all the EUPHEM field assignments over the two year programme and that the fellow can receive the final certificate
- 3- identify the main gains from the fellowship and whether it met expectations
- 4- identify the strongest and weakest aspects of the training
- 5- provide the fellow with a more general feedback not only on their technical skills, but more generally on their overall skills/competencies as a Public Health Microbiologist using as a starting point the beginning of their fellowship.
- 6- exchange about future opportunities for the fellow (and if needed: to orient the fellow in his/her carrier path).
- 7- exchange with the supervisor overall impression of the fellow and the EUPHEM fellowship focusing on ways forward for the future

The Exit reviews for EUPHEM fellows will be comprised of 4 parts:

- Part 1 A (exit review)- One coordinator, the frontline, will review the exit form submitted by the fellow (part1.1, 1.2 only). This part will document the experience of the fellow in the training site and check the completion of all deliverables, finalization of the portfolio and upload of all products on ECDC Virtual academy (EVA platform, duration 30 days June-July).
- Part 1B Two EUPHEM coordinators (other than frontline) will interview the fellow during a
 Teleconference in presence of the supervisor/s. This part will contain questions regarding
 supervisor and fellow's general impression of the training. The interviewers will also recheck the
 completion of all deliverables (duration 60 minutes).
- Part 2 will be conducted between the supervisor and EUPHEM coordinator/s (without the presence of the fellow) at the beginning or end of end of the part 1 (depending on preference of the fellow and supervisors) of the teleconference. This part will document the supervisor's impression of the fellow, any encountered problems and any proposals for the future (duration 15-20 minutes).
- Part 3 will be conducted between the fellow and EUPHEM coordinator/s (without the presence of
 the supervisor/s) at the beginning or end of part 1 (depending on preference of the fellow and
 supervisors). This part will give the fellow an opportunity to express her/his experience about the
 coordinator team, training site and the supervisors (duration 15-20 minutes).

During each exit interview, we will use a standardised template (please find it on the next page). The first part needs to be filled in by the fellow and submitted to the coordinators prior to the interview.

Exit Interview

{name}, C20xx based in {institute}

{name} (frontline coordinator)

{name} (main supervisor)

Please comment the following with the fellows:

The information collected during this interview will be kept confidential.

Part 1 A review conducted by: (frontline)

<date>

PART 1B- Between fellow and a coordinator, other than the frontline Fellow's progress and deliverables

1.1. Please indicate the status of the objective in terms of deliverables

(This section is meant to be more a check list to assure that all the deliverables needed have been produced or almost finished, in which case a deadline should also be indicated. Please don't discuss project by project. **Please use the Fellowship Portfolio as a guide**. Use one line per project.)

Field assignment (please make a short description of the project within each field assignments below)	Achieved Y/N	Type of final product uploaded on	Observations		
	,	the EVA that document the achievement	products	be uploaded?

Recommendations for the frontline coordinator:

Part 2-Teleconference among fellow, main supervisor and two coordinators other than frontline coordinator

<date>

Please summarise fellow's progress by objective and mention any pending issues from the table in part 1.1 and 1.2. Update that table accordingly

General feedback
2.1. Was the overall training useful (i.e., did it meet your expectations)?
2.2. What were the five main skills you acquired during the past 2 years?
2.3. Is there a particular skill you would have expected or liked to develop further?
2.4. Are you overall satisfied with the level acquired at the end of these two years?
2.5. What did you like the most during your fellowship?
2.6. What were the weakest aspects of the training?
2.7. Did you encounter any administrative problems?

Recommendations

2.8. Do you have any suggestions for EUPHEM?

Next steps

2.9. What are your plans for the near future?

End of part 2. Thank the fellow and continue only with the main supervisor.

Part 3-Teleconference between main supervisor and coordinators other than frontline
