Ex-ante publicity notice in negotiated procurement procedure

Subject: “Support to coordination of European Commission requests regarding analysis and publication of surveillance data in a one-health perspective” NP/2018/OCS/9853

Short description

On request from the European Commission, the European Centre for Disease Prevention and Control (ECDC), in collaboration with other EU agencies, will undertake analysis and reporting of EU-wide surveillance data to investigate the potential relationship between the consumption of antimicrobials and the occurrence of antimicrobial resistance in a one-health perspective. The purpose of the negotiated procurement procedure, is to provide ECDC with support to the coordination of the work within an interagency working group. The work will be undertaken in collaboration with ECDC scientific experts during 2019 and 2020.

Description of the procedure:

This ex-ante publicity is the first stage of a negotiated procurement procedure below 60,000 with a minimum of 3 candidates, through which ECDC may award the above-mentioned contract.

All economic operators established in the European Union, European Economic Area and Stabilisation and Association Agreements countries who are interested in providing the services described above should express their interest before 18th October 2018, 16h00 (local time Sweden), by e-mail to tenders@ecdc.europa.eu with the same subject reference as indicated above.

In their expression of interest interested economic operators should demonstrate their ability to provide the relevant services and provide the following information:

- Name
- Address
- Contact person
- E-mail
- Description of main area of business/expertise (max 500 words)

This information will be taken into account by ECDC in order to identify potential candidates. ECDC may not invite all interested economic operators. The Request for Offers and related documents will be provided by e-mail only to the identified candidates.

Please note that ECDC reserves the right not to launch the negotiated procedure.
